

## CONSTRUCTION & DISMANTLING

When planning your presence at the trade fair, consider the technical guidelines for stand construction as well as the current [hygiene and safety regulations](#) – the rear walls of the stand facing your neighbors must be kept neutral white and free of advertising. All stand structures over 2.50 m must be submitted to our technical department for approval: [messetechnik@messe-berlin.de](mailto:messetechnik@messe-berlin.de)

Deadline for submission of stand construction plans: 14 February 2022

### Start of stand construction

31 March, 7.00am to 0.00pm daily - all halls  
 Exception: halls 1.1, 2.1, 3.1, 4.1, 5.1, 6.1, 7.1, 8.1, 10.1  
 on 30 March, 7.00 hrs to 24.00 hrs  
 31 March - 4 April: night works possible;  
 ordering at least 1 day before (BECO Webshop)

### End of construction work

3 April, until 24.00 hrs (construction)  
 4 April, until 22.00 hrs (decoration)

### Start of dismantling period

7 April: after 16.00 hrs - **NO dismantling possible before!**  
 8-10 April: 7.00 hrs to 22.00 hrs daily - all halls  
 truck of 3,5t after 20:00 hrs  
 car of 3,5 t after 21:00 hrs

The aisleways around your stand space must be free of waste materials and empties.

Waste, pallets, empties and industrial transport equipment must not be left in the aisleways and must be removed from the exhibition hall.

Keep escape and rescue routes clear when stands are being assembled, decorated or dismantled. The relevant occupational safety measures must be observed. Sanding and sawing only with suction.

Please order your own waste bins and empties storage at [BECO-Webshop](#) by 8 March 2022 .

Aisleway cleaning and carpet laying will begin on Monday, 4. April 2022, 12:00 am.
